

Minutes of Wymondham Archers committee meeting November 14 2016

Attendees:

| | | | |
|--------------------|------------------|----------------|--------------|
| Sarah-Ruth Hubbard | Gillian Harris | Andy Beer | Nick Brooks |
| Pete Hill | Sally Wooltorton | Paul Judkins | David Morley |
| Adrian Richer | Daron March | David Sherwood | |

Minutes of the previous meeting were agreed. Online banking is not possible with our current account.

Equipment officer report: Sarah has completed a stock take and compiled an inventory with replacement prices. This will be used to obtain insurance quotes – **Pete Hill**. “New” target cubes have been obtained at a substantial discount from Clickers and will be used to rebuild existing targets as cubes get shot out. Some frames also need refurbishment.

Treasurer report: Pete presented a written statement of accounts, with income and outgoings. There is a healthy balance at the bank, and income outstrips expenditure, due to the popularity of club sessions.

Competition Secretary report: The internal progression scheme has been well received, with 29 participants in the Portsmouth series. A bulk entry is being prepared for the indoor county championship in February 2017. The Portsmouth postal league is also popular again this year. It is hoped to run an open competition next year.

Website & Social Media: The site is more stable with revised security. The domain name is due for renewal, **Andy** to investigate the quote. More information is being uploaded to the site for coaching and records purposes, with other officers sharing the workload. The Facebook link still needs to be addressed.

Chairman’s Report: Andy thanked the committee and members for making the club so successful after such a short time. A new area is to be set up for improvers separate from the general shooting area in the hall. Coaches are being asked to wear identifying shirts so that members can recognise them on club evenings. **Andy** to investigate this for insurance purposes.

Secretary’s Report: Nick drew member’s attention to a forthcoming interactive session with Neil Armitage, the new Archery GB CEO. He also said that he would be standing down at the AGM, when his term of office expired. Nick also reminded members that the entire school premises are non-smoking for obvious reasons.

Christmas: As last year’s arrangement was so popular; it will be repeated this year. Members are asked to bring a plate of food to share. **Sally** will list the savoury or sweet options. **Nick** to contact Waitrose for a contribution if possible.

AOB: Sarah requested approval for funding for Level 1 coaching. Agreed. She also circulated a revised constitution and role descriptions for approval, to be presented at the AGM. David Sherwood was welcomed as records officer. He has the club laptop but needs a new software licence for the application. A new disabled archer will be

coming to the club, hopefully the school facilities are sufficient to allow this. It was suggested that the original session timeslots are in need of revision, **Andy** to approach the school to pursue this. Paul presented his revised Archer Profile, which will be printed and bound, and presented to new members with their membership documents once approved. It was hoped to attract more junior members from the archery club which Andy runs at the school.

Next meeting: January 16th 7:00
